Dear Administrator Regan,

I was very happy to meet and talk with you during your recent visit to Louisiana during your 'Journey for Justice'. As we discussed at Dooky Chase, I have written this memo on actions that EPA could take to move Environmental Justice in Louisiana forward.

**The full memo is attached as a PDF**

Yours in the Struggle,

Darryl

*Those who profess to favor freedom and yet depreciate agitation, are people who want crops without ploughing the ground; they want rain without thunder and lightning; they want the ocean without the roar of its many waters. The struggle may be a moral one, or it may be a physical one, or it may be both. But it must be a struggle. Power concedes nothing without a demand; it never has and it never will. Find out just what any people will quietly submit to and you have found out the exact measure of injustice and wrong which will be imposed upon them, and these will continue till they are resisted with either words or blows, or with both.*
